Instructions

Current Eastman students who are applying for admission to a new degree program at Eastman **must** submit a copy of their current Eastman transcript. To facilitate this, SIGN this form and give it directly to the **EASTMAN REGISTRAR**.

It is the responsibility of the student to ensure that transcripts from study at other institutions are part of the current Admissions file.

This signed form authorizes the release of the academic transcript directly to the Eastman School of Music Office of Admissions at any time before September 1 of the coming year; if required to assist a decision on admission eligibility, this signed form also authorizes the Eastman School's Director of Admissions to access the current student file and record.

Transcripts will be generated for your admission file by January 31 to include your current Fall grades and upcoming Spring registration.
