****Please be aware that there is an origination fee for this loan that is deducted from the amount you borrow. Thus, the amount of funding that will disburse to your student account will be less than the amount for which you apply. Origination fees are 4% minus a 1.5% interest rebate. The resulting fee deducted from the loan amounts to 2.5% of the amount borrowed. In order to calculate the amount you need to borrow taking into account the loans fees, divide the estimated PLUS Loan amount on your award letter by 0.975. The resulting value will be the total amount that will disburse to your student account plus fees.*
