

All Graduate students are required to complete the Graduate Student Financial Aid Application

Instructions for completing this form:

Complete the Aid Request Chart with both the number of credit hours that you intend to register for each semester and the amount of loans and/or work-study that you anticipate needing for each semester. You must be registered for at least 6 credit hours or ESM 999 (register dissertation) to be eligible for federal loans.

- If you are unsure about the amount of funding you will need, then estimate. You may decline or reduce your loan(s) within 30 days of the disbursement date (which is generally 10 days before the start of each term). Additionally, you can increase your loan amount, **up to your eligibility**, at any point during a semester.
- Please note that there is no tuition charge for ALC 280Z, 290Z or 400 level courses. If you register for any of these courses, it is best for you inform our office immediately since you cannot receive federal aid for courses that have no tuition charge.

Students registering for Summer Session:

- To apply for Summer Aid, you **MUST** include a copy of your registration form or a copy of your on-line registration. You will receive aid for attending the exact classes listed on your registration form. Should you change your summer registration you **MUST** contact the Financial Aid Office immediately and you must provide us with a copy of your new summer registration.
