

Fulbright Information Session

Friday, April 2nd 2010, 5:00 PM

Location: MC 320

What is a Fulbright grant?

Am I eligible?

Who gets chosen?

When should I begin the process?

What is the application
procedure/timeline?

When do I find out if I've won a grant?

How do I find out more?

Join Professor Steingröver in an informational meeting about the Fulbright program, eligibility, the nature of a "good" project, how to choose a country, etc. You may always make an appointment with Professor Steingröver to discuss your project or ask questions. The Fulbright homepage also provides a wealth of information. You can also read press releases about members of the Eastman community who have been successful in receiving a grant.
