

Undergraduate music theory placement test results appear below. In order to get results out quickly and to preserve confidentiality, results are sorted by the last four digits of your eight digit URID. The next number is the Theory placement; the last number is the aural musicianship placement. Questions about placement results can be directed to the Theory department. Additional information will be provided at the advising sessions on Thursday August 27.

Students may not register above the placement without petitioning. Students MAY self-place below the placement result, with the exception of intensive due to lack of space.
