

Eastman To Go

Application for Scholastic and Community Sites 2020

Thank you for your interest in **Eastman To Go**. We look forward to our partnership with you!

Our programs are designed to be approximately 40 minutes in length.

Once we have paired your site with an ensemble, we will ask the Eastman student to be in touch with you to arrange a mutually convenient concert date and time. We will happily facilitate this process, as necessary.

Thank You,

Mark Kellogg
Director, Eastman To Go
