ADDITIONAL INFORMATION

1. Scheduling of all degree-mandated recitals (MM and DMA) and lecture recitals (DMA) is to be done in consideration of the availability of the faculty members who must evaluate the performance (for additional information, see Student Recital Handbook, available from the Concert Office). **Lecture-Recital** information sheets and **MM/PRL Degree Requirements** information sheets are available on the Graduate Studies web site (www.esm.rochester.edu/grad) and outside the Graduate Studies Office, Room 103.

2. **Foreign Language Requirements** - The policies concerning foreign-language requirements for Graduate students, as stated in the Academic Policy Handbook, are strictly enforced. Students are expected to inform themselves of these policies and to take the initiative in meeting the School’s standards in this area.

3. The **program of study** for all doctoral programs, prepared in consultation with and recommended by the program advisor, should be submitted to the relevant graduate committees by the third semester of doctoral study (normally after 20 credit hours have been taken). Program of study template forms are found on the Graduate Studies web site (www.esm.rochester.edu/grad).

Timetable for the **program of study**: Programs of study for PhD and DMA students must be approved by the appropriate graduate committee at least four months in advance of the student’s qualifying/comprehensive examination. In other words, the tightest possible timetable for a person expecting to complete the degree in May presumes that the relevant graduate committee approves the program of study during its meeting in Spring of the preceding year, that the student passes the qualifying/comprehensive examinations by the end of the following Summer Session, and that the relevant dissertation proposal is approved by early fall.

Timetable for the **qualifying/comprehensive examination**: PhD students must pass the qualifying exam at least six months prior to the projected date of the final examination. 1) Students in the PhD program must satisfy any foreign-language requirements before they are eligible to attempt the qualifying examination. 2) Students in the DMA who are not writing a dissertation or doctoral essay will sit for the comprehensive examinations after all academic requirements (i.e., coursework and language exams, if applicable) of the degree and at least two of the performance requirements (plus the departmental jury) have been met. Only those students who sign up by the August 31 or January 11 deadlines will be allowed to take the doctoral comprehensive exam.

Timetable for the **dissertation proposal**: A dissertation proposal may not be officially presented to the candidate’s department (for PhD students) or the Graduate Professional Committee (for DMA students) until after the student has passed the qualifying/comprehensive examinations. Information about dissertation proposal submission (title page format, required signatures) is found on the Graduate Studies web site (www.esm.rochester/grad). PhD students should also consult their departmental handbook for submission procedures.

The **PhD final examination** (defense of the completed dissertation) must be passed before the degree can be conferred. Students should make contact with the Graduate Studies Office at least one month prior to the final copy deadlines noted below. **The final dissertation must be submitted to the Graduate Studies Office, Room 103, no later than the final copy deadline noted each semester (fall deadline = October 19, spring deadline = February 15).** The final oral examination, scheduled by the ESM Graduate Studies Office, cannot take place until 20 working days (excluding holidays) after the final copy has been received.

4. “Fair” copies of dissertations are in final-draft form, i.e., typed and easily readable by the reading committee. “Final” copies incorporate all corrections from the reading committee and are the documents on which the dissertation defenses are based. “Permanent” copies incorporate any additional corrections or changes required as a result of the final examination.

(continued on reverse side)
5. **DMA Dissertation and Doctoral Research Project proposals** must be prepared in consultation with a member of the relevant department(s), and must show endorsement by those persons and the departmental chair through signatures on the cover sheet before submission to the Graduate Professional Committee. Examples of the cover sheet are available on the Graduate Studies web site (www.esm.rochester.edu/grad) and outside the Graduate Studies Office, Room 103.

6. **Lecture Recital/Independent Study** – Lecture Recital information sheets and Independent Study Proposal forms are available through the Graduate Studies web site (www.esm.rochester.edu/grad) and outside the Graduate Office, Room 103.

7. **Continuous Registration for Graduate Students** - The Council on Graduate Studies of the University of Rochester has established the principle of continuous registration for graduate students. In effect, this means that, beginning with the first semester of study in a degree program, it is expected that a graduate student will be enrolled continuously (with the possible exception of summer sessions) until the degree is completed. Several categories of registration have been established that apply when a student is not registered for actual course credit or for thesis/dissertation credit. These categories are used mainly to cover work on the thesis/dissertation when all required credits have been earned. They also cover inactive status, when a student is unable to be in residence or work actively on the thesis or dissertation. See registration forms through the Registrar's Office web site (www.esm.rochester.edu/registrar).

8. Information concerning all procedures for graduate students and additional copies of the Graduate Calendar are available from the Graduate Studies Office, Eastman School of Music, 26 Gibbs Street, Rochester, NY 14604-2599 or through the Graduate Studies web site (www.esm.rochester.edu/grad).
