

HUMANITIES DEPARTMENT AREA STUDIES CONCENTRATIONS (ASC) APPROVAL FORM

The Humanities Department curriculum encourages broad exploration of topics in humanities, arts, social sciences, and natural sciences by giving students flexibility in customizing their individual course of study. The department recognizes that focused study in a particular area of interest leading to a minor or second major in a department at the River Campus can be difficult to accommodate. The Humanities Department at the Eastman School offers Area Studies Concentrations to students who complete a minimum of three Eastman courses in one of the following concentrations.

Students interested in obtaining an ASC or learning more about the program should contact the faculty advisor for the respective concentration or speak with the department chair. Humanities Department faculty will advise students pursuing an ASC in matters of course selection and planning. A full listing of ASC-eligible courses can be found online:

<https://www.esm.rochester.edu/humanities/asc/>. Forms must be submitted by the last day of the fall semester.
