Eastman Colloquium – EIC 101 (1 unit required)

Eastman Colloquium (EIC 101) provides first-year and new transfer students the opportunity to gather and learn more about the practical aspects of music and musical institutions as they begin their journey as students at the Eastman School of Music. The class format consists of presentations by a diverse array of guests, including Eastman faculty, staff, students, and members of the community. This is a required 1 unit course in the first semester of study.

Applied Music Study – JAZ 160 (32 units required)

All undergraduate students in the Bachelor of Music degree program will be assigned to a faculty studio for their applied music lessons. Every student receives 14 one-hour private lessons per semester in their area of applied study. In addition to weekly private instruction, students are required to attend and participate in weekly studio class every semester they are enrolled in lessons. Studios are comprised of all the students of a single instructor, inclusive of both undergraduate and graduate.

The course registration code for one-hour lessons is made up of the instrument code, the number 160, and the section number assigned for a faculty studio (i.e., JAZ 160-1). Applied music study is worth 4 credits and students must register for applied lessons every semester for a total of 8 semesters and earn a total of 32 credits in order to graduate. Performance majors are expected to complete a first-year, sophomore, and junior jury, plus a senior recital.

Jazz Department Forum

Forum is a weekly meeting between all the faculty and students in the Jazz Studies & Contemporary Media Department to discuss important topics and trends. Forum meets every Wednesday from 11:35 – 12:25 pm.

Piano Class (6 units required)

All undergraduate students are expected to develop functional keyboard skills. The piano class requirement for applied music majors can either be satisfied by successfully passing a piano proficiency examination or taking their piano classes.

Students with prior piano experience will be invited to take a piano placement exam in the summer before their first year and will be placed into the appropriate course. Students who place into a higher level do not earn any credit towards their degree for the level(s) they placed out of; however, all students are still held to the 120 unit minimum for a Bachelor of Music degree and may need additional elective coursework to meet this threshold.

Fall First Year	Spring First Year	Fall Second Year
PCL 101	JCM 205	JCM 206

Music Theory Core (19 units required)

Students in the Jazz Studies & Contemporary Media program follow a specific theory sequence that introduces the fundamental concepts for jazz theory as well as advanced harmony, chromaticism, rhythm, and forms. Students will take the jazz music theory exam before they arrive on campus to determine what jazz theory course is appropriate for their knowledge level. Students who place into a higher level do not earn any credit towards their degree for the level(s) they placed out of; however, all students are still held to the 120 unit minimum for a Bachelor of Music degree and may need additional elective coursework to meet this threshold.

Music History Core (10 units required)

Jazz majors require four semesters of music history courses, for a total of 10 credits. JCM 241: Jazz History I and JCM 242: Jazz History II, both offered through the JCM department, touch on both early and modern jazz artists, composers, and works, surveying the evolution of jazz from early improvisation to present developments.

Jazz majors also require two music history (MHS) survey courses offered through the Musicology department. Students will take MHS 123J, a course about jazz-specific music history topics, and any other 120-level MHS course (121, 122, or 123) from early Baroque music to modern 20th century topics. MHS 123J is only offered every other fall semester.

Humanities/Sciences Electives (24 units required)

Students are expected to explore a diverse range of academic disciplines, develop strong intellectual perspectives, and be able to voice these convincingly through completion of the humanities and sciences elective requirement. This 24-credit requirement has two components:

1. **First Year Writing (FWS 121, 4 units):** Every entering student is required to complete a first year writing seminar in their first year of study. The first year writing seminar introduces students to college-level inquiry and analysis by focusing on critical thinking and academic writing. In individual sections, the discussion of literary, historical, philosophical, or art historical topics will serve as the basis for writing assignments.

English for Academic Purposes Course Sequence (EAP 101 and 102, 8 units): Students whose native language is not English may be required to complete a two-semester course sequence in order to fulfill their first year writing requirement. These two courses are structured to assist non-native English learners with collegiate academic writing and speaking skills, while also counting towards their overall humanities and sciences elective requirement. EAP 101 and 102 are each 4-credits and will count as 8 units towards the total 24-credit overall humanities/science requirement as well as fulfill the first year writing requirement.

2. **Elective Courses (20 units):** Students are expected to take a minimum of 20 additional credits of courses offered through the Eastman Humanities Department or in the School of Arts & Sciences. Each course **must carry at least 4 units** and must not have a primary listing associated with the Departments of Music Teaching and Learning (MTL), Music Theory (TH), Musicology (MHS), Institute for Music Leadership (ALC), the Arthur Satz College Music Department (MUSC).

Jazz Composition & Arranging (4 units required)

Rhythm section jazz majors require completion of 4 credits on jazz composition and arranging:

JCM 223: Jazz Composition I	JCM 224: Jazz Arranging I

Jazz Pedagogy (2 units required)

Students in the Jazz Studies & Contemporary Media program are expected to learn basic rehearsal techniques for the development of large and small jazz ensembles. These skills are earned through successful completion of JCM 218: Jazz Pedagogy, a course where students will also gain teaching skills pertaining to improvisation, theory, and aural training from beginning to advanced levels.

Improvisation & Repertoire (16 units required)

Students in the Jazz Studies & Contemporary Media program will be introduced to a variety of improvisation styles and repertoire and apply them in practice through 8 semesters of coursework. Students will gain expansive experience through lectures on jazz improvisation concepts and practical application in labs and workshops.
