The Advanced Diploma in Performance is a stand-alone program for students that have completed a bachelor's and/or master's degree in music to focus on performance studies with our applied faculty.

09.01.01 Emphasis

The **Advanced Diploma in Performance** will provide highly qualified musicians with the opportunity for intensive and focused study on the performance of their instrument without the associated rigorous academic requirements that come with enrollment in a degree program at the Eastman School of Music. This program features private study with an Eastman applied faculty member, as well as high-level chamber music and ensemble experiences. In addition, students will have the ability to enroll in practical elective coursework that will supplement their performance study and better prepare them for a career as a professional musician.
