Biographical sketch

James West Phillips (b. August 11, 1915; d. July 2, 2006) was born in Rochester, NY. He graduated from the University of Rochester in 1937 with distinction with a Bachelor of Arts in Mathematics; he was also elected to the academic honors society Phi Beta Kappa.

In 1941, he moved to Washington, DC, to work in the Army Ordnance Division of the War Department as a research analyst. He left that position in 1954 to restore a house he purchased in Georgetown. Subsequently, in 1956, he joined the National Automobile Dealers Association as a research analyst and worked there until his retirement in 1972.

He was an avid musician and concert-goer: he was a talented pianist, and he composed music throughout his life. He frequently attended the theater as well as performances at the John F. Kennedy Center for the Performing Arts.

Mr. Phillips died July 2, 2006, of cancer at the Community Hospice of Washington; he was 90 years old.

Provenance

The collection was the gift of the Estate of James W. Phillips and was received by the Sibley Music Library on August 14, 2007; the gift transaction was facilitated by Ann W. Forbes.

In addition to the loose sheet music that comprises this collection, Mr. Phillips’s gift to the library also included a large collection of LP sound recordings as well as published collections of show music; those items were received into Sibley Music Library’s circulating collections.

Scope and content note

The collection is comprised of nearly 3,000 items of sheet music dating from approximately 1890 through 1980. The bulk of the music is of a popular vein, namely songs for voice and piano from musical theatre, revues, motion pictures, and other productions.
Restrictions and use

There are no restrictions on use of the collection. The provisions of the United States Copyright Law (1976) and its revisions apply in each instance of reproduction and performance. For all items published in 1923 or later, obtaining copyright clearance is a necessary prerequisite before requests for reproductions will be granted.

Associations

The Sibley Music Library holds several collections of popular sheet music.

The largest and most prominent collection is the U.S. Sheet Music Collection, which contains more than 100,000 pieces of sheet music published in the United States dating from the late 18th century to the early 20th century. Of particular relevance is Sub-group III of the U.S. Sheet Music Collection, which is comprised of a variety of popular music forms including selections from musical productions and motion pictures.

In addition, the Charlotte Stafford Collection (SC1995.15) and Burke Sheet Music Collection (SC1995.16) contain popular sheet music, both vocal and instrumental, the bulk dating from the early 20th century. The World War II Sheet Music Collection (SC1995.7) consists of over 500 items of popular sheet music published during the years of World War II relating to the war or general patriotism. The Sam Forman Dance Orchestra Collection (SC1999.2) contains full and partial sets of performance parts for nearly 200 popular compositions, the bulk of either French or Spanish origin, published between 1910 and 1960.
DESCRIPTION OF SERIES

The collector’s own systematic arrangement has been retained, as described below.

Sub-group I: Composer Subdivision

This sub-group consists of a discrete sequence of scores that were received arranged by composer; the subdivisions from the collection’s original organization as well as the folders’ arrangement have been maintained within each series. Unless otherwise indicated in the inventory, all scores in the collection are scored for voice and piano.

Series 1: Irving Berlin

The holdings are foldered chronologically by year. Within each folder, scores have been arranged alphabetically by title.

Series 2: George Gershwin, Victor Herbert, and Jerome Kern

For this and all subsequent sub-series, the holdings are arranged around the titles of shows, whereby the numbers of any given show are foldered together. Within each folder, scores have been arranged alphabetically by title.

Series 3: Jerome Kern and Cole Porter

Series 4: Cole Porter and Richard Rodgers

Series 5: Richard Rodgers

Series 6: Richard Rodgers and Sigmund Romberg

Sub-group II: Individual Sheet Music Division

The holdings are arranged alphabetically by song title. According to standard filing conventions, the first principal keyword is the determining factor; definite and indefinite articles are disregarded.

Sub-group III: Film and Stage Musical Songs

The holdings in this sub-group are arranged around the titles of shows, whereby the numbers of any given show are foldered together.
Sub-group IV: Miscellaneous Selections

The folders that comprise this sub-group contain various sheet music grouped by theme or genre (e.g., “Christmas Songs” and “Piano Concerti”); these materials appear to be distinct from the previous sub-groupings and, thus, were arranged into a separate sub-group. This sub-group includes music for voice and piano as well as music for solo piano.
