Eastman Office for Student Affairs

Posting Policy for Residence Halls and Academic Areas

Advertising is strictly limited to bulletin boards in residence hall areas and within academic areas. Posting is not allowed on doors, windows, bathroom mirrors, floors or rugs, in elevators or in stairwells. Advertising may not be slid under student room doors.

Promotional literature for recognized student organizations, approved student programs and campaign posters may be posted on residence hall bulletin boards unless the board is specifically designated for a particular use (e.g. board reserved for Student Association information). When posting on bulletin boards, only one (1) advertisement per bulletin board is allowed. Groups must not cover up other ads when posting their own advertisement.

Staples, thumb tacks and blue painter’s tape are approved methods of hanging advertisements. Do not use duct tape, masking, or packing tape.

Promotional literature posted on any surface other than bulletin boards will be removed by the Residential Life and ESW staff.

Commercial advertising is not permitted in any residence hall building. Such advertisements will be removed by the Residential Life staff, ESW Facilities Staff, and or Student Activities Staff.

Revised September 2017
